

Udine, Italy, 29th and 30th June 2017

Institutional Greetings

GIOVANNI DA POZZO
President, Chamber of Commerce of Udine

29th June 2017

I first wish to express to all of you on behalf of the Chamber of Commerce my great pleasure at being at this important event organized by the University of Udine.

The relationship between the economy of our region and the university system is very close. To boost cooperation opportunities in both academic and economic field is a common goal of all the regional economic actors. We have carried out many events all over the world to strengthen international cooperation: Canada, USA, Middle East, Japan and others.

I offer you my best wishes in your task and hope the sessions may be successful.
